

# Lincoln Resources Centre offers information on US

By Saiful Bahari

**KUCHING:** The Lincoln Resources Centre at Pustaka Negeri offers the public information on the United States, from policies, to education, geography and other general information.

Librarian Edison Ricket said there are around 5,000 books and magazines from the US available.

"Since the corner was set up in March 2004, we have organised various activities for the public such as the US education seminar,

Therefore I would like to urge the general public to fully utilise the available resource as it is a focal point to refer for any information and news that matters to the country.

Edison Ricket, librarian

exhibition on US culture and also consultation for those interested to obtain a US visa," said Edison during the English Conversational Hours workshop yesterday.

There are also daily screenings of movies and documentaries on the US.

"Therefore I would like to urge the general public to fully utilise the available resource as it is a focal point to refer for any information and news that matters to the country," said Edison.

Yesterday's programme involved

SMK Batu Lintang, SMK Muara Tuang, SM Teknik Kuching, SMK Petra Jaya and SM Sains.

The students formed groups for activities such as designing a team logo and information treasure hunt.

The workshop aimed, among others, to promote the value of teamwork and an opportunity to learn how to use the Lincoln Corner's resources, as well as promote the usage of the English language.

The Lincoln Corner is located at Level 1 of Pustaka Negeri.
